Students are welcome for both semesters.</i> <i>Students can do their Bachelor's Thesis in UPV only if it is specifically approved by the home coordinator.</i></p>

Want to know more about us?

<p>How do we teach art?</p>	<p>The main characteristic of the art teaching in the Faculty of Fine Arts is the way the artistic work is conducted by the teacher in the framework of the subject program.</p> <p>Students don't have a permanent own space in the faculty (individual studio spaces), neither a workshop dedicated exclusively to the students' single work, as they share the classrooms with other subjects. However, they can use the workshops (metal and wood work, painting, foundry, photo set, etc.), cameras for loaning out, with the authorization of the teacher.</p> <p>Subjects are organized in groups between 20 and 40 students per class. This entails a limitation of subjects' places for students (exchange and non-exchange). It also entails a well-structured teaching program (link)</p>
<p>How do students enroll in the courses?</p>	<p>Places in subjects for Exchange students are assigned on a first-come first-served basis, on a registration period once the student arrives to UPV. Students will be able to do a pre-registration in subjects in June/July, before their arrival to UPV.</p>
<p>Students enjoy</p>	<p>University Campus: As part of one of the most prestigious Technical Universities in Spain, students benefit of a huge range of facilities and services (such as Sports Area, Medical Service, Language Center, etc.)</p> <p>Subjects in other school/faculties: Exchange students can select up to 12 ECTS in subjects from other schools/faculties (such as Architecture, Design Engineering, etc.). This can be an asset for students looking for diverse curricula.</p> <p>International Experience: The Faculty of Fine Arts receives every year about 120 exchange students coming from 25 countries.</p>
